UNITED STATES INTELLIGENCE BOARD

MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT : Recommendation Regarding Addition of Certain Areas to Low-Level Reconnaissance Targets in Cuba

REFERENCE : USIB-D-41.14/65. (COMOR-D-24/81), 9 September, Limited Distribution

USIB, at its 11 September meeting, considered the referenced paper on the subject and, with respect thereto, took the following actions:

- a. Concurred in the Chairman's suggestion that USIB action on the COMOR recommendation in paragraph 5 of the reference should be deferred at this time.
- b. Concurred in the Chairman's view that such deferral did not foreclose continued COMOR consideration and submission to USIB as necessary from time to time of recommendations regarding intelligence requirements and priorities for low-level reconnaissance of Cuba.
- c. Noted the Chairman's statement that, prior to presentation to the Special Group of any additional or revised targets for low-level reconnaissance of Cuba, he would wish COMOR and USIB to re-examine on an overall basis this Cuban low-level targeting and priority problem.
